WELCOME TO GOVERNMENT GENERAL DEGREE COLLEGE CHAPRA

Message From The Principal

Educate and raise the masses, and thus alone a nation is possible"

Swami Vivekananda's clarion call to the nation to educate the masses and uplift the poor is the motto of the institution, Government General Degree College, Chapra. The college was established on 30-10-2013, to promote education and impart knowledge to the socially backward areas surrounding the village of Shikra. Since its inception, the college has seen an increased enthusiasm among the local population towards pursuing higher education. They are now motivated to fulfill their dreams and their ambitions of entering the realms of higher education and knowledge. At the same time, students not only from far and wide areas of other remote villages under Chapra block but also from other neighbouring blocks in Nadia district are now coming to study at this institution. We have a

team of young faculty members, who are dedicated to their service and aspire to bring the best out of the students. They persevere tirelessly to look after the needs, desires and interests of the students and encourage them to aim towards excellence.

The college has maintained a smooth relationship with the world of academia as well as community development by organizing different awareness programs and campaigns through National Service Scheme programs. In addition to it, programs such as annual sports, seminars, webinars, workshops, debates and other cultural events are conducted regularly to promote skill development, enhance holistic progress and mark an all round development among the students.

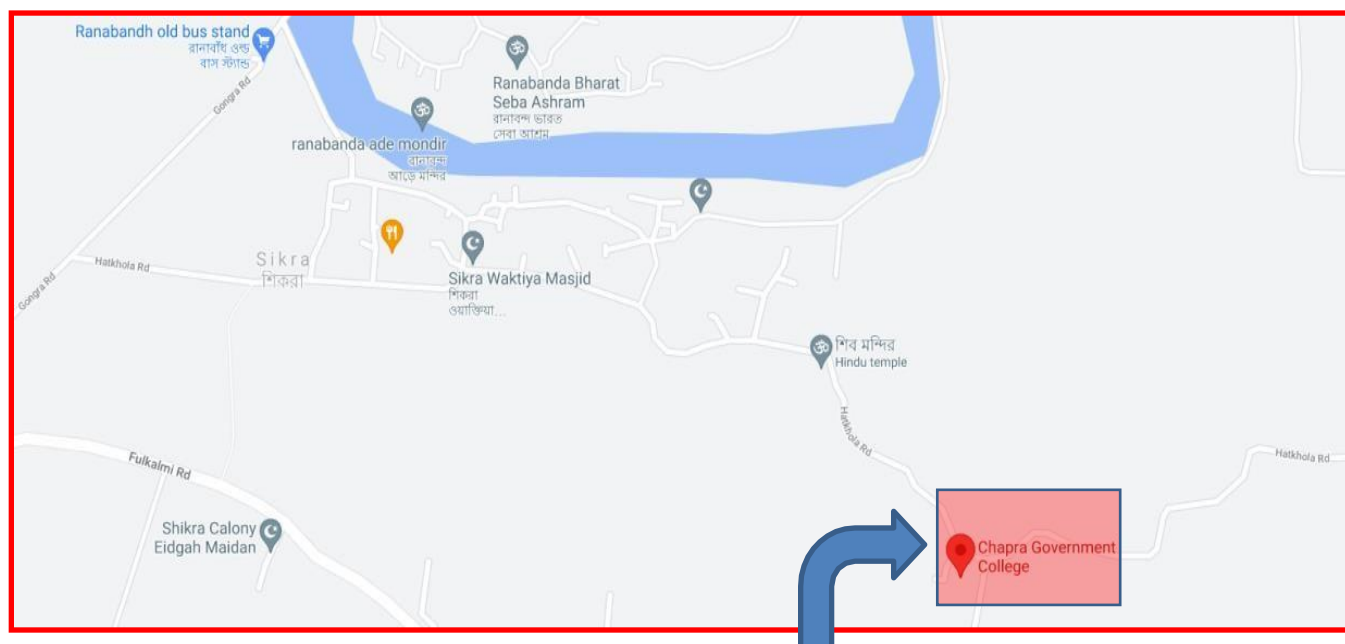

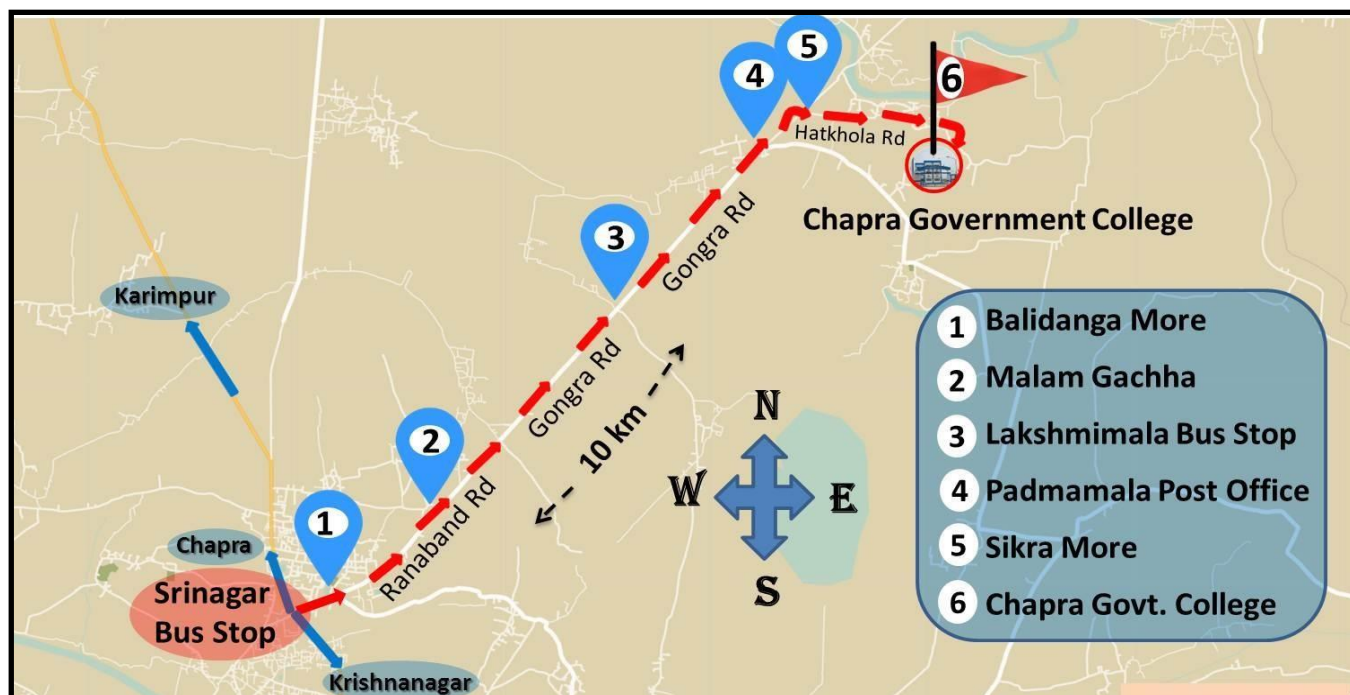

At present we have Honours course programs in disciplines such as English, Bengali, History, Sociology and Political Science. General course programs are offered in the Department of Science such as Physics, Chemistry and Mathematics. The Department of Higher Education, Govt of West Bengal has given us permission to open up other academic disciplines such as Education, Geography which would attract more students in the future. Being enriched in flora and fauna of Indo-Bangladesh in origin, the college will be a future centre of Global Biodiversity Conservation study.

I would like to welcome the new students and urge the senior students as well to set up a good example so that a strong academic performance is set up in the college. I do believe that work is the principal asset resulting from Discipline, Perseverance and Patience. On this note, I would also like to wish all of you the very best in your life for all your future activities and endeavours.

Thanks and Best wishes,

Dr. Subhasis Panda (WBSES, Ph.D., FIAT, FEHST)
Principal

PROFILE OF THE COLLEGE

Government General Degree College, Chapra is established in the year 2013 in the outskirts of the village Shikra, JL No- 23, P.S- Chapra, Dist- Nadia. The college is established by the approval of the Cabinet vide Memo No._Edn(A)/10M-9/13, dated 30.10.2013 with the concurrence of the order of the Department of Finance, Government of West Bengal. It is a rural Undergraduate General Degree College affiliated to the University of Kalyani. It is one of the four newly constructed public General Degree colleges in the district of Nadia. With a total area of 4.83 acres of land, the lush green verdure of the sprawling campus soothes the eyes. The college is surrounded by enriched cultivated crop fields possessing both cultivated and wild crop relatives, naturalized and exotic flora and fauna of Indo-Bangladesh in origin. In addition to it, the rich animal habitat surrounding the place especially the diversity of snakes found in the local area, it becomes an attractive local biodiversity hotspot for researchers in the field of herpetology. The college promises to be a world biodiversity study centre in very near future as well. Primarily catering to the interests of the rural poor community in the neighboring areas, the college has since its inception, worked ceaselessly towards the spread of education among the poor students and rural communities inhabiting the areas. Every year it has been seen that there is a steady increase in the number of student enrolment in various academic departments. The college offers undergraduate programs in both Humanities and Science subjects.

Honours course programs are offered for the Departments of English, Bengali, History, Political Science and Sociology. General course programs are offered for the departments of Science-subjects include Mathematics, Physics and Chemistry. The dedicated faculty members of the institution provide their complete co-operation in fostering a strong academic integrity and encourage the students to follow the path of excellence.

Facilities and Infrastructure

The college has a three storey construction and promotes an eco-friendly campus. Along with the usual classrooms, it provides excellent state of the art infrastructure with laboratories, library, computer rooms, administrative block, teachers' rooms, separate common rooms for boys and girls, one audio-visual room, seminar rooms, and multipurpose hall for undertaking large scale programs. To enhance sports activities the institute is planning to construct football and volleyball courts and has a playground as well. There is a small enclosed area inside the college with sitting arrangements where students can sit, talk and take respite in between the class hours as well.

Teaching and Learning

As per the directives of UGC and the Department of Higher Education, Government of West Bengal, the teachers' of the college are regularly engaged in taking online classes by Google Meet platform. The institution has taken special care towards the poor and underprivileged students of the area by taking classes through phone conference call as well. In future the institution wants to help students more and tries to look after their interests always.

DIFFERENT WINGS OF COLLEGE

NSS:

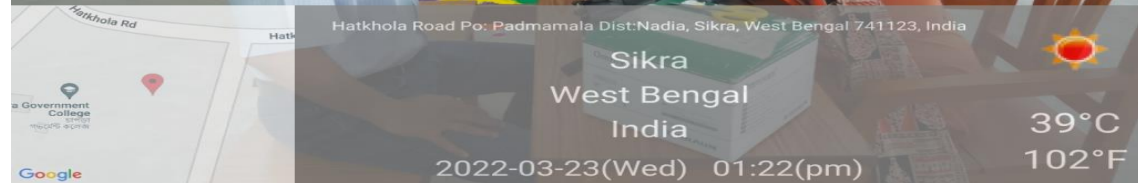

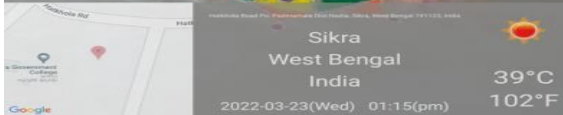

The college has its own NSS unit. The NSS (National Service Scheme) is under the Minister of Youth Affairs & Sports, Government of India. The Scheme, originally launched during Mahatma Gandhi Centenary year in 1969, is aimed at in developing student's personality and educational attainment through community service. Youth is the biggest force of a nation. By creative thoughts, they lead us to future. The motto of NSS is selfless service to the distressed people of society. By immense energy they make the impossible happen. In order to unite the youth and lead them towards a healthy and broad-minded lifestyle. Government General

Degree College, Chapra is a proud owner of an active and large NSS unit. Each year we are being enriched by new members. NSS regularly performs their regular and special activities and submits the report to the authority. Dr. Pankaj Biswas is the programme officer of this NSS unit.

GAMES & SPORTS:

The students are very enthusiastic about games and sports. College is providing an excellent environment of sports to the students of this institution. In context of games & sports, the college can boast of its good play ground with provision of both indoor and outdoor game facilities. The play ground is regularly used by the students for enhancing their ability of performances in different outdoor games. From earning sports scholarships to pursuing a professional sports career, there are lots of benefits for being an athlete in college level. Our college has taken keen interest in identifying and promoting students talented in sports activities. In addition, college for large-scale events requisitions the Kalyani University Play Ground. The Annual Athlete Sports Meet and competition is held at the beginning of every year. A good number of students, teachers and non-teaching staff participate in the annual sports with enthusiasm. Prizes and trophies are awarded following the meet, to participant students as well as teachers. The students displaying bright prospects for the relevant sport are encouraged and trained to participate in Inter-College and Inter-University Sports Meet throughout the year and some individual students also have played in district level and others. Apart from that, the Sports Committee of the college encourages students to participate in National, State and University level competitions. Facilities for outdoor (Football, Cricket, Badminton, Athletics) as well as indoor games (Carrom, chess) are available within the college. Inter-departmental and Inter-college Carrom, chess competitions are regularly held, apart from outdoor games.

SCIENCE LABORATORIES: -

Physics Laboratory-

The Department of Physics, GGDC, Chapra offers 'state of the art' laboratories so that students can have a hands-on experience of all the modern experiments in Physics. The Department has three main laboratories:

1. **General Lab** (GroundFloor)
2. **Optical Lab** and **dark Lab** (1st floor)
3. **Electrical and Electronics Lab** (1st floor).

All the labs are well-equipped and full of latest instruments related to electricity, sound, light and many more which enable the students to get a concept of basic Physics. Set-up of few experiments has always been kept ready to demonstrate the basic Physics and for the rest of the set-up, particularly in case of optical experiments, students are being engaged to get a hands-on experience during the experiments. Teachers are always ready to discuss with the

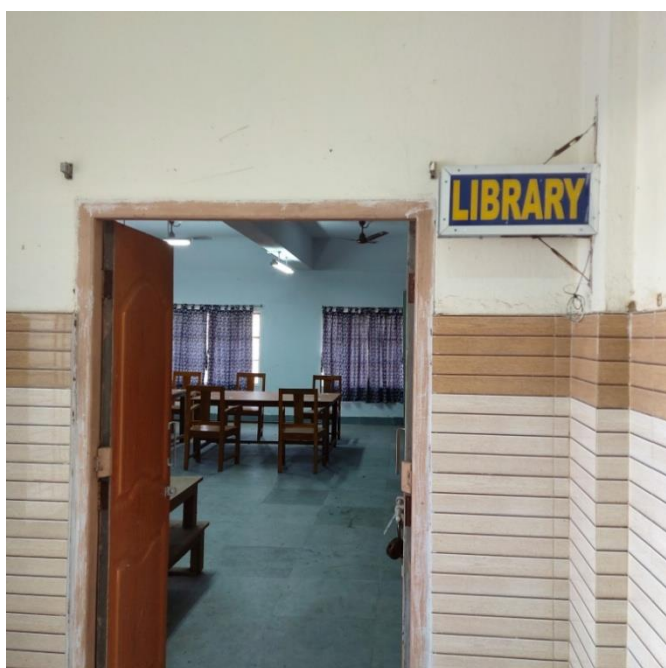

Students and try to solve their problems and doubts which generally arise during the experiments. Most of the theory classes have been taken at Physics laboratories so that the teacher can share knowledge of theory along with the experimental concept. Besides the Physics laboratories, the Department of Physics also offers computer facilities to our students to enhance their knowledge in the area of computer machine languages e.g. FORTRAN, C, C++ etc.

Chemistry Laboratory

Department of Chemistry and its laboratory has started functioning from the year 2016. Since then, our laboratory is growing up day by day very rapidly. We know that practical work in a laboratory is essential for students to explore the deep understanding of fundamental science like chemistry. Being a government college, we are lucky enough to have three well equipped laboratories for the organic, inorganic and physical chemistry. We have a conductometer, P^Hmeter, refractometer, four digit accurate balance, magnetic stirrer and many other instrumental facilities in our laboratory. In addition to this, all types of valuable chemicals, glassware, excellent pipe line of water and gas facilities are also available in the laboratory premises. Therefore science students after 10+2 are heartily welcome to our college and they can play with colours of chemistry, so that they can develop their intellect and establish themselves for the future.

LIBRARY:-

The College has a central library facility for the students. The library is large, well-stocked with a collection of about thousand books on different disciplines. The Students are allowed to borrow books for a specific period. The students can make the best use of the quiet Reading Hall by gleaning valuable bits of insight and information from the handy reference books and study materials. The library is enriched every year with new publications which are necessary for the students for preparing their study materials. The reading room facilities are also available for the students.

Smart Class room

The college believes in creating a holistic environment for learning among the students. Faculty members are dedicated to impart useful knowledge and skills among the students. AV (Audio-Visual Room) and Smart Classrooms in the college uses information technology to help the students in grasping lessons quickly. Seminar Halls and lecture theatres provide ample space for cultural programs to be conducted in the premises of the college.

INTERNAL COMPLAINTS COMMITTEE (ICC)

Internal Complaints Committee (ICC) related to the Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013)

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 has been introduced to address the rising instances of offences against women in workplaces in recent times. In pursuance of this act, Government General Degree College, Chapra formed its Internal Complaints Committee (ICC) on 04.05.2021. Erstwhile "The Cell for the Prevention of Sexual Harassment" has been revised to form the "Internal Complaints Committee" (ICC) in consonance with the name designated by the Act of 2013.

Procedure for Lodging a Complaint

If any woman is a victim of sexual harassment (or perceives herself to be so), she can immediately contact any ICC member (personally or through telephone/ written request/ email) or lodge a written complaint and drop it in the box provided outside the Principal's office. The complaint and the identity of the complainant will be kept **CONFIDENTIAL**

CO-CURRICULAR ACTIVITIES

- a. **Seminar/Webinar/Workshop:** Seminar/Webinar/Workshop is one of the best platforms to share knowledge with a large number of audiences including students, teachers, guardians etc. In addition to that, the different online platforms, now a days, are very useful to fill the gap of knowledge and to connect one-to-many with its digital features. Our college takes the opportunities and conduct not only the 'face-to-face' seminar/workshop but the online webinar also. Moreover, the College encourages each of the department to organize such type of events regularly with relevant topics in every academic session. The events are normally organised through a collaborative work of each department. There is also dedicated committee members who organize these programs. Students are also motivated for active participation in these programs to enhance their future academic skill.
