WELCOME TO GOVERNMENT GENERAL DEGREE COLLEGE CHAPRA

Principal's Message

“Educate and raise the masses, and thus alone a nation is possible”. Swami Vivekananda’s clarion call to the Nation to educate the masses and uplift the poor is the motto of the institution, Government General Degree College Chapra. The college was established on 30-10-2013, to promote education and impart knowledge to the socially backward areas surrounding the remote village, Sikra. Since its inception, the college has seen an increased enthusiasm among the local population towards pursuing higher education. They are now motivated to fulfill their dreams and their ambitions of entering the realms of higher education and knowledge. At the same time, students not only from far and wide areas of other remote villages under Chapra Community Block but also from other neighbouring blocks in Nadia district are now coming to study in this institution. We have a team of young faculty members, who are dedicated to their service and aspire to bring the best out of the students. They persevere tirelessly to look after the needs, desires and interests of the students and encourage them to aim towards excellence.

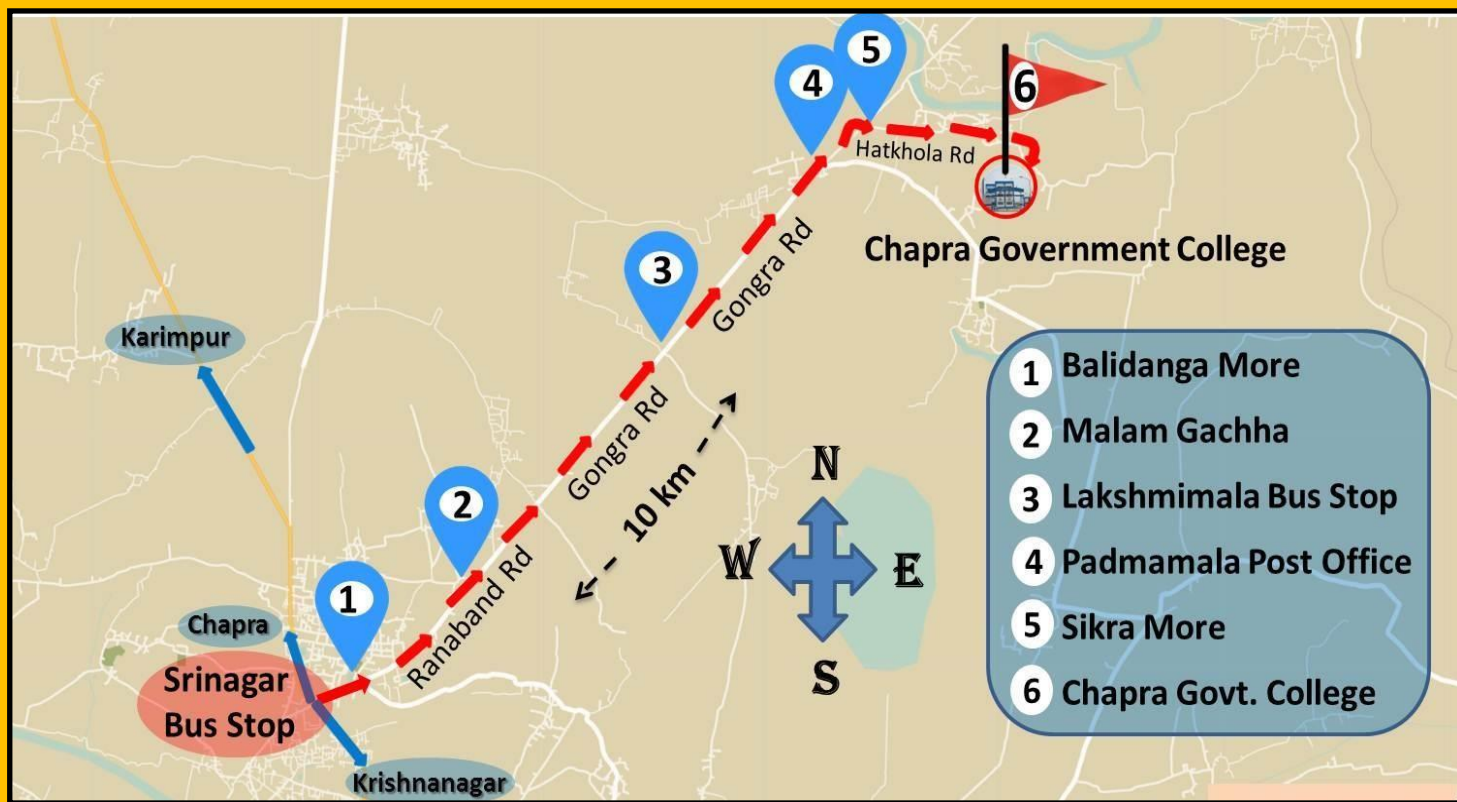

The college has maintained a smooth relationship with the world of academia as well as community development by organizing different awareness programmes and campaigns through National Service Scheme (NSS) programmes. In addition to it, programmes such as annual sports, our honourable Chief Minister’s seven days Student Day activities, seminars, webinars, workshops, Departmental Add-on Certificate Courses, Job-oriented workshops, debates and other cultural events are conducted regularly to promote skill development, enhance holistic progress and mark an all round development among the students. At present we have Major/Honours course programmes in five Humanities disciplines such as English, Bengali, History, Sociology and Political Science, and three Science disciplines such as, Chemistry, Mathematics and Physics. The Department of Higher Education, Govt of West Bengal has given us permission to open up other academic disciplines such as Education, Geography which would attract more students in the future. Being enriched in flora and fauna of Indo-Bangladesh in origin, the college will be a future centre of Global Biodiversity Conservation study Centre. Presently College has established Butterfly Conservation Garden, Biodiversity Conservation Park, Medicinal Plant Garden, Cactus garden, Lawn garden, Kitchen Garden, Fruit Garden based on locally available resources. Also the college has conserved ‘Local Biodiversity Hotspots’ in and around it, mainly for the purpose of conserving the habitats of rare pollinators, snakes, jungle cat, fox and a good number of threatened local medicinal plants.

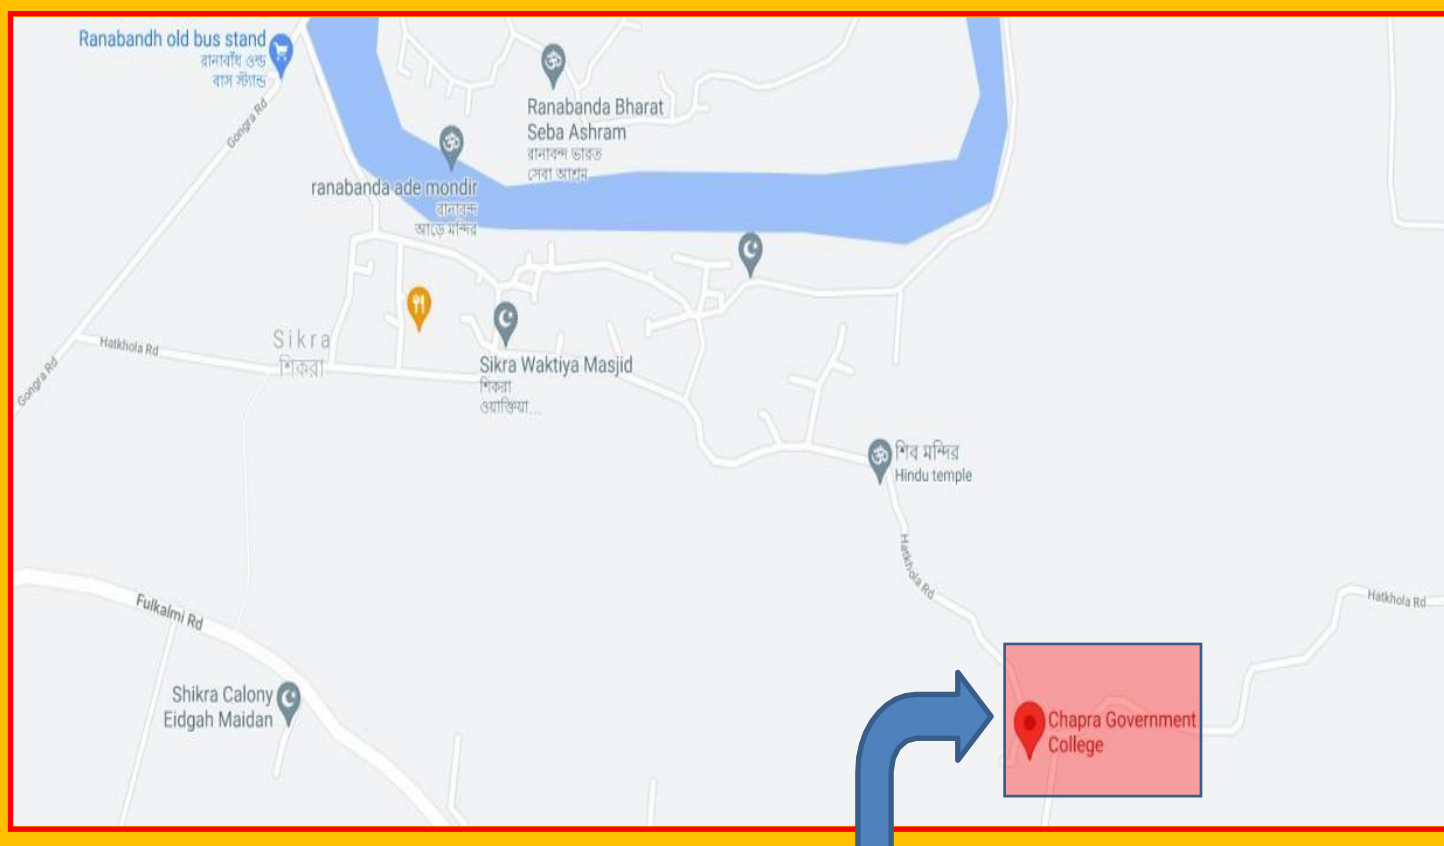

I would like to welcome the new students and urge the senior students as well as our Alumni to set up a linkage with the new students, so that a strong academic performance will be set up in the college. I do believe that work is the principal asset resulting from Discipline, Perseverance and Patience. On this note, I would also like to wish all of you the very best in your life for all your future activities and endeavours.

Thanks and Best wishes,

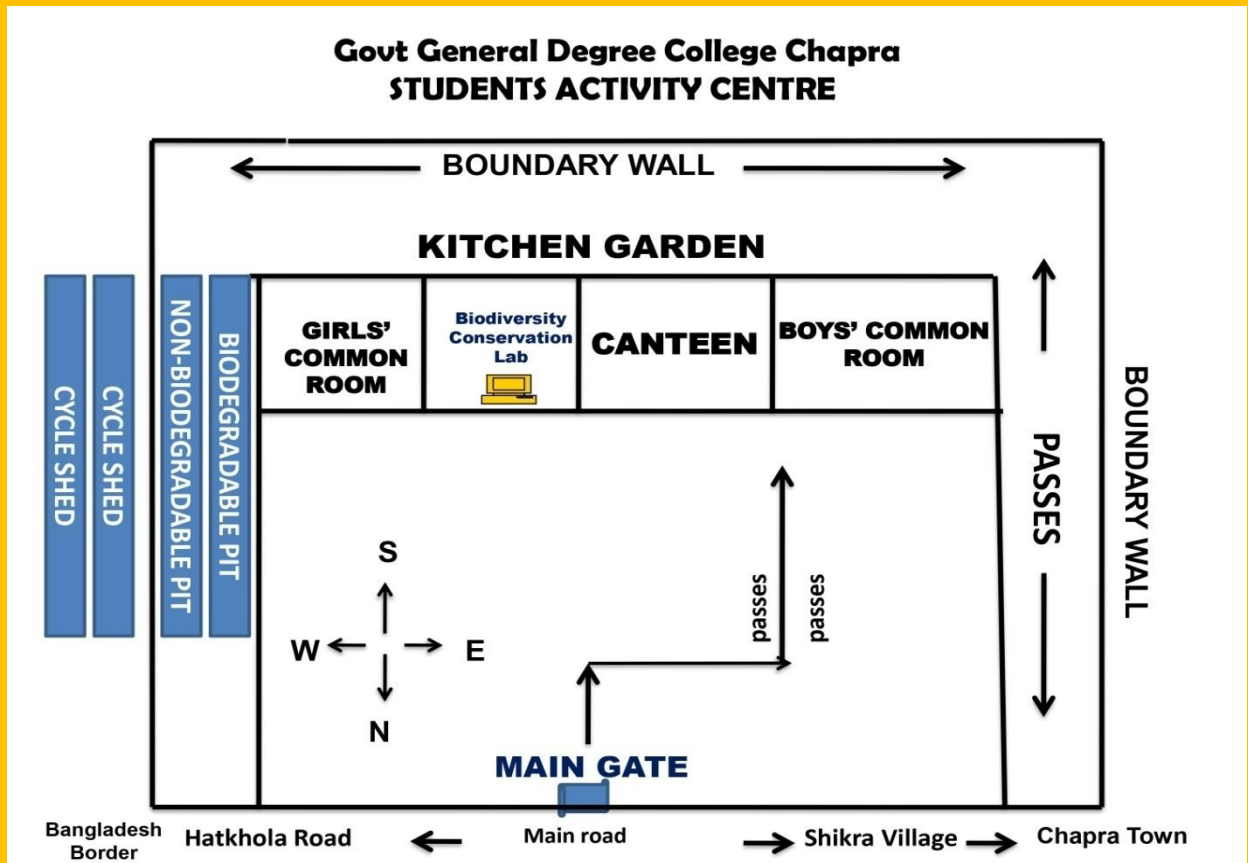

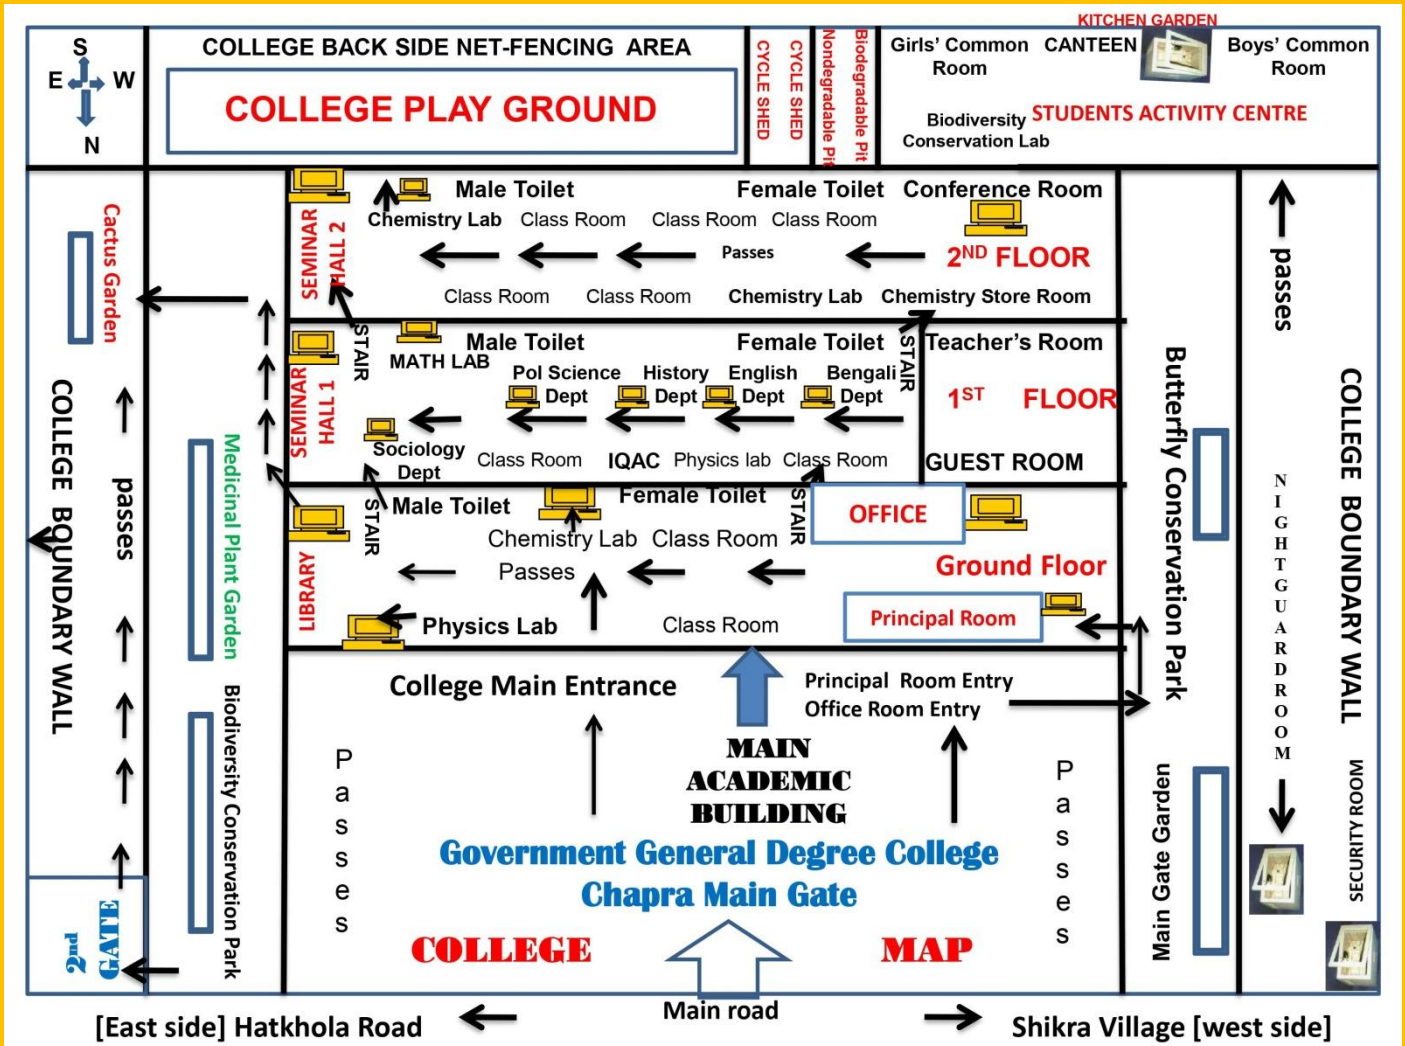

Dr. Subhasis Panda (W.B.S.E.S., Ph.D., FIAT, FEHSST)
Principal in West Bengal Senior Education Service

ORGANOGRAM

PROFILE OF THE COLLEGE

Government General Degree College Chapra is established in the year 2013 in the outskirts of the village Sikra, JL No. 23, P.S. Chapra, Dist. Nadia. The college is established by the approval of the Cabinet vide Memo No.Edn(A)/10M-9/13, dated 30.10.2013 with the concurrence of the order in the Department of Finance, Government of West Bengal. Recently, the College is approved by UGC under the Section 2(f) of UGC Act, 1956 and Accredited by NAAC as Grade-B (1st Cycle). College is also ISO certified ISO 14001: 2015 & ISO 50001:2018. It is a rural Undergraduate Government General Degree College affiliated to the University of Kalyani. It is one of the four newly established public colleges in the district of Nadia. With a total area of 4.82 acres of land, the lush green verdure of the sprawling campus soothes the eyes. The college is surrounded by enriched cultivated crop fields possessing both cultivated and wild crop relatives, naturalized and exotic flora and fauna of Indo–Bangladesh origin. In addition to it, the rich animal habitats surrounding the place especially the diversity of snakes are found in the local areas. It becomes an attractive biodiversity hotspot for researchers in the field of herpetology. The college promises to be a world biodiversity study centre in very near future as well. Primarily catering to the interests of the rural poor community in the neighboring areas, the college has since its inception worked ceaselessly towards the spread of education among the poor students and rural communities inhabiting the areas. Every year it has been seen that there is a steady increase in the number of student enrolment in various academic departments. The college offers undergraduate programmes in both Humanities and Science subjects.

Major/Honours course programmes are offered for five Humanities Departments viz., English, Bengali, History, Political Science and Sociology, and three Science Departments viz., Chemistry, Mathematics and Physics. The dedicated faculty members of the institution provide their complete cooperation in fostering a strong academic integrity and encourage the students to follow the path of excellence.

Facilities and Infrastructure

The college has a three-storeyed building and promotes an eco-friendly campus. Along with the usual class rooms, it provides excellent state of the art infrastructure with laboratories, Central library, Seminar Library, students computer section, Students separate Competitive Exam practice Section, administrative block, teachers' rooms, separate common rooms for boys and girls, Students Sick Room, one audio-visual room, seminar rooms, Folk Museum, and multipurpose hall for undertaking large scale programs. To enhance games and sports activities, the institute has built volleyball and Badminton courts and has a playground as well. There is a small enclosed area inside the college with sitting arrangements where students can sit, talk and take respite in between the class hours as well.

Teaching and Learning

As per the directives of UGC and the Department of Higher Education, Government of West Bengal, the teachers of the college are regularly engaged in taking classes through offline mode. The institution has taken special care towards the poor and underprivileged students of the area by taking classes through video conference call as well. In future the institution intends to help students more and tries to look after their interests always.

DIFFERENT WINGS OF COLLEGE

NSS:

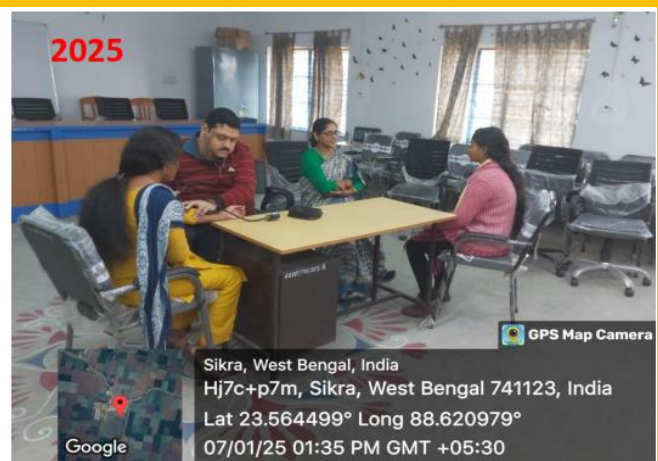

The college has its own NSS Unit. The NSS (National Service Scheme) is under the Ministry of Youth Affairs & Sports, Government of India. The Scheme, originally launched during Mahatma Gandhi Birth Centenary year in 1969, is aimed at developing student's personality and educational attainment through community service. Youth are the biggest force of a nation. By creative thoughts, they lead us to future. The motto of the NSS is selfless service to the underprivileged people of our society. The NSS aims to unite the youth and lead them towards a healthy and broad-minded lifestyle. Government General Degree College Chapra is a proud owner of an active and large NSS Unit. Each year we are being enriched by new members. The NSS regularly performs their regular and special activities and submits the report to the authority. Currently, Sri Rudra Sekhar Basu, Assistant Professor in Political Science, is the Programme Officer of the NSS Unit of our college.

NSS ACTIVITIES BY OUR STUDENTS

NSS unit has organized

- Free Health Check-up camps
- Blood donation camps
- Dengue awareness campaign
- Malaria, Chikungunya Awareness Camps
- Self defence program.

GAMES & SPORTS:

The students are very enthusiastic about sports. College is providing an excellent environment of sports to the students of this institution. In the context of sports and games, the college can boast of its large playground with provision of both indoor and outdoor game facilities. The playground is recently renovated and levelled and regularly used by the students for enhancing their ability of performances in different outdoor games. From earning sports scholarships to pursuing a professional sports career, there are lots of benefits for being an athlete in college level. Our college has taken keen interest in identifying and promoting students talented in sports activities. The Annual Sports competition is held at the beginning of every year. A good number of students, teachers and non-teaching staff participate in the annual sports with enthusiasm. Following the meet prizes and trophies are awarded to the participant students. The students displaying bright prospects for the relevant sports are encouraged and trained to participate in Inter-College and Inter-University Sports Meet throughout the year and some individual students also have played in district level and others. Apart from that, the Sports Sub-Committee of the college encourages students to participate in National, State and University level competitions. Facilities for outdoor (Football, Cricket, Badminton, Athletics etc.) as well as indoor games (Carom, TT etc.) are available within the college. Inter-departmental and Inter-college Carom, chess competitions are regularly held, apart from outdoor games such as, Football, Volley Ball, Badminton, Cricket, Long Jump, High Jump, Discus Throw, Javelin Throw etc.

SCIENCE LABORATORIES: -

Physics Laboratory-

The Department of Physics in GGDC Chapra offers 'state of the art' laboratories so that students can have a hands-on experience of all the modern experiments in Physics. The

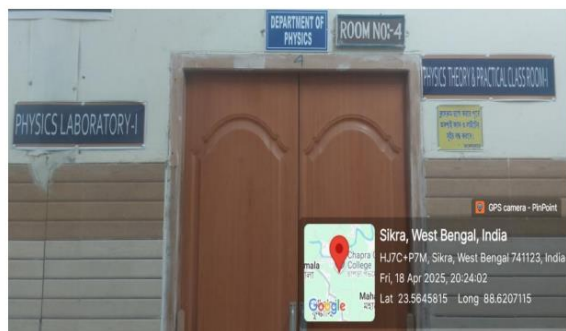

Department has FOUR main laboratories:

1. **General Lab (Ground Floor)---PHYSICS LAB-I**
2. **Optical Lab or Dark Lab (Ground Floor)----PHYSICS LAB-II**
3. **Electrical and Electronics Lab (1st Floor)-----PHYSICS LAB-III**
4. **IPR CLASS ROOM CUM GENERAL LAB (Gr. Floor)—PHYSICS LAB-IV**

All the labs are well-equipped and full of latest instruments related to electricity, sound, light and many more which enable the students to get a concept of basic Physics. Set-up of few experiments has always been kept ready to demonstrate the basic Physics, and for the rest of the set-up, particularly in case of optical experiments, students are being engaged to get a hands-on experience during the experiments. Teachers are always ready to discuss with the Students and try to address their problems and doubts which generally arise during the experiments. Most of the theory classes have been taken at these Physics laboratories so that the teachers can share their knowledge of theory along with the experimental concept simultaneously. Department of Physics also offers computer facilities to our students to enhance their knowledge in the area of computer machine languages e.g. FORTRAN, C, C++, Python etc.

CHEMISTRY LABORATORY

The Department of Chemistry and its laboratory has started functioning since the year 2016. Since then, our laboratory is being improved day by day very rapidly. We know that practical work in a laboratory is essential for students to explore the deep understanding of fundamental science like Chemistry. Being a direct Government college, we are fortunate enough to have three well-equipped laboratories for the organic, inorganic and physical chemistry. We have a conductometer, P^H meter, refractometer, four digit accurate balance, magnetic stirrer and many other instrumental facilities in our laboratories. In addition to this, all types of valuable chemicals, glassware, excellent pipeline of water and gas facilities are also available in the laboratory premises. Therefore, science students after 10+2, are heartily welcome to our college and they can play with colours of chemistry in order to develop their intellect and establish themselves for the future.

AREA: 68.28 sq. m

CHEMISTRY LABORATORY-I

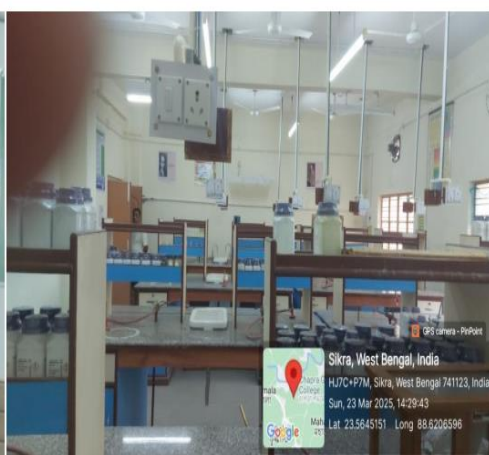

Our Chemistry faculty members A.B. sir (Left) & M.S. sir (Right) are delivering lectures to students in a friendly atmosphere in which students can ask any type of queries during and even after the classes. Even students are encouraged to prepare and participate for all types of competitive examinations as well as science quiz programs. ***One Lab. CENTRAL LIBRARY

The College has a central library facility for the students. The library is large, well-stocked with a collection of about Five thousand books on different disciplines. The Students are allowed to borrow books for a specific time period. The students can make the best use of the quiet Reading Hall by gleaning valuable bits of insight and information from the handy referencebooks and study materials. The library is being enriched every year with new publications which are necessary for the students for preparing their study materials. The reading room facilities are also available for the students.

Central Library is also Successfully opened the Library OPAC System in April 2024. Our Library also provides QR-Based Internet Access, QR-Based OPAC Search (database upgradation going on), Screen Reader and Magnification service to the visually impaired students. Library implemented KOHA CLOUD LMS service recently. More than 100 copies of Competitive Exam books are purchased in May 2024 for Preparing our students in different competitive examinations through our FREE-COACHING “PRAYASH”. **Cataloguing of Books data in KOHA software is also successfully completed.**

4-YEAR CURRICULUM FOR ARTS AND SCIENCE DEPARTMENTS ADMISSION SESSION 2025-2026

GGDC Chapra offers 4-year (8 semesters) UG degree under MAJOR (Honours & Honours with Research) program for Five Humanities subjects & Three Science Subjects

THERE ARE 7 TYPES OF COURSES IN THE NEP CURRICULUM:

Major

The Major Course is the subject in which the degree will be awarded [e.g., B.A. (Honours/ Honours with Research) in Bengali]. The Major provides the student an in-depth study and training in a particular subject. The academic level develops progressively till it reaches advanced levels in the later semesters.

Minor

The Minor subjects are generally complementary to the Major subject and are designed to help the student obtain a broader understanding of subjects related to or beyond the Major course [e.g., B.A. (Honours) in Bengali with History and Sociology]. The second Minor will be chosen by the student in the beginning of 2nd semester. Refer to Section 3 below for details.

Multi-Disciplinary (MDC)

Multi-Disciplinary Courses are courses from other disciplines. All the students are required to take 3 introductory-level courses, one in Semester 1, one in Semester 2 and one in Semester 3. These courses are intended to broaden the student's intellectual experience and they form part of liberal arts and science education. Refer to Section 4 below for details.

Ability Enhancement Courses (AEC)

The AEC includes courses in a) Compulsory English (Communicative English)- Semester 2; b) Modern Indian Language (MIL)–Semester 4. The emphasis in these courses is on language, communication skills, critical reading, and academic writing skills to enable students to express their ideas and arguments coherently in written form and in discussion and debate.

Skill Enhancement Courses (SEC)

Skill Enhancement Courses are designed to impart practical skills, hands-on training, softskills, etc. All the students are required to take this course, one in Semester 1, one in Semester 2 and one in Semester 3. University of Kalyani proposed Course Structure as per the NEP-2020.

Value-Added Courses (VAC)

Value-Added Courses include courses in Understanding India, Environmental Education, Digital and Technological Solution, Inter-religious studies & Health & Wellness. University of Kalyani proposed 1 course in Semester 1 (Environmental Education) and one course in Semester 3 (to be announced) of 4 credits each.

Internship

Internship is a novel aspect of the UG program to allow students to obtain experience in industry, research labs, business, community service, learning projects. University of Kalyani proposed Summer Internship Programmes (optional) in Semester-2 and Semester-4 of 4 credits each and there is Outreach/Internship Programme (mandatory) of 2 credits in Semester-6.

In each semester the candidate will study a combination of the above-mentioned courses with each course assigned a specific number of papers, credits. See the table below:

Seminar/Webinar/Workshop

Seminar/Webinar/Workshop is one of the best platforms to share knowledge with a large number of audience including students, teachers, guardians and others. In addition to this, the different online platforms, nowadays, are very useful to fill the gap of knowledge and to connect one-to-many with its digital features. Our college takes the opportunities and conduct not only the 'face-to-face' seminar/workshop but the online webinar also. Moreover, the College encourages every department to organize such type of events regularly with relevant topics in every academic session. The events are normally organized through a collaborative work of each department. There are also dedicated committee members who organize these programs. Students are also motivated for actively participating in these programs to enhance their future academic skill.

মাননীয় জগন্নাথদেবের মন্দিরে, জগন্নাথদেবের
বিগ্রহ দেখলাম। অক্সা হারমানে কিছু দেবদাসগণ
বসে হোটেলে গিয়েছেন।

উপসংহার:-

পূর্বদিন জগন্নাথদেবের মন্দিরে গিয়ে, সেদিন
রুগুনল থেকে অধিবাসনকে সন্ধ্যা কাটিয়েছি আমি
অম্বুদেবের ধারে। দিন বাড়িয়ে ডাক্তার নাহল। যে পথ
দিয়ে এসেছিলাম সেখানে পথ দিয়েই আমার
গিয়ে মাওয়া। বিকশাস মেতে মেতে অত্যাশ
কথা মনে অত্যাশ অম্বুদেব দিবেশে তারিহে
ছিল। তারপর আরে আর দেখতে পেলাম
না। অল্প একটা বড় চোখে চেয়ে পড়ার আশ
অনতে পেল। সেখানে কিছু কিছুদেবের বসে
ছিল, আর ছিল আমার গিয়ে আমার আমন্ত্রণ।
